Dear Sir,

Sub: Seeking Approval of Taking out Goods for Repairs

We CHELE are writing to report that our Echoscope sonar head has malfunctioned. This sonar head failed to operate since 09 Oct 2021. Site engineer performed site/online troubleshooting to determine and correct the issue but failed to repair the sonar head.

the use of this sonar head is crucial for armour units placement of breakwater site activities. We will highly appreciate any assistance that LFZ management could provide to CHELE for obtaining approval of taking out sonar head for repairs.

The goods for repairs: Echoscope Sonar Head (Model: Surface 4G, Serial number: ESS1804003)

The duration had this goods: three years

Approx. time for repairs: 45 days

Location of repairing center: UK

Location of manufacturer in origin: UK

For others, kindly see attached

1. terms and condition of the equipment.
2. Air Waybill and packing list
3. Commercial Invoice

Thank you for your quick action on this matter.

Yours faithfully,

For: CHELE

Song Jiandong
